

## R410A W/ UV DYE & SEALANT SPEC SHEET

Standard ¼" Schrader Valve.

Copper Pressure Relief Disk.

Has the same DOT rating as recovery cylinders.

Each can contains roughly 1.8 pounds of R-410A that is pre-blended with our UV Dye & Sealant and will service systems up to 6 tons. The refrigerant in each can is the perfect amount to top off equipment with seasonal leaks.

Our UV Dye & Sealant is an oil based non-polymer blend that does not chemically react with air or moisture. This product is also non-flammable and is safe for any technician's tools.
